Re: New FM Translator  
Homer, Alaska

Dear Mr. Tricarico:

Transmitted herewith, in triplicate, on behalf of Peninsula Communications, Inc., is an FCC Form 346 application seeking a construction permit for an FM translator at Homer, Alaska.

The application seeks a waiver of Section 74.1232(d) of the Commission's Rules to permit the operation of the translator beyond the proposed 1 mV/m contour of the primary station, KPEN(FM), Soldotna, Alaska, and within the 1 mV/m contour of KGTL-FM, Homer, Alaska. The applicant is the licensee of both of these stations and believes that the public interest will be served by a grant of the waiver due to the long-recognized shortage of broadcast facilities in the State of Alaska.

In addition, the applicant requests a waiver of Section 74.1235 to allow for an output power of 100 watts.

Please contact the undersigned should you have any questions regarding this application.

Very truly yours,

  
Jeffrey D. Southmayd

FCC FORM 346  
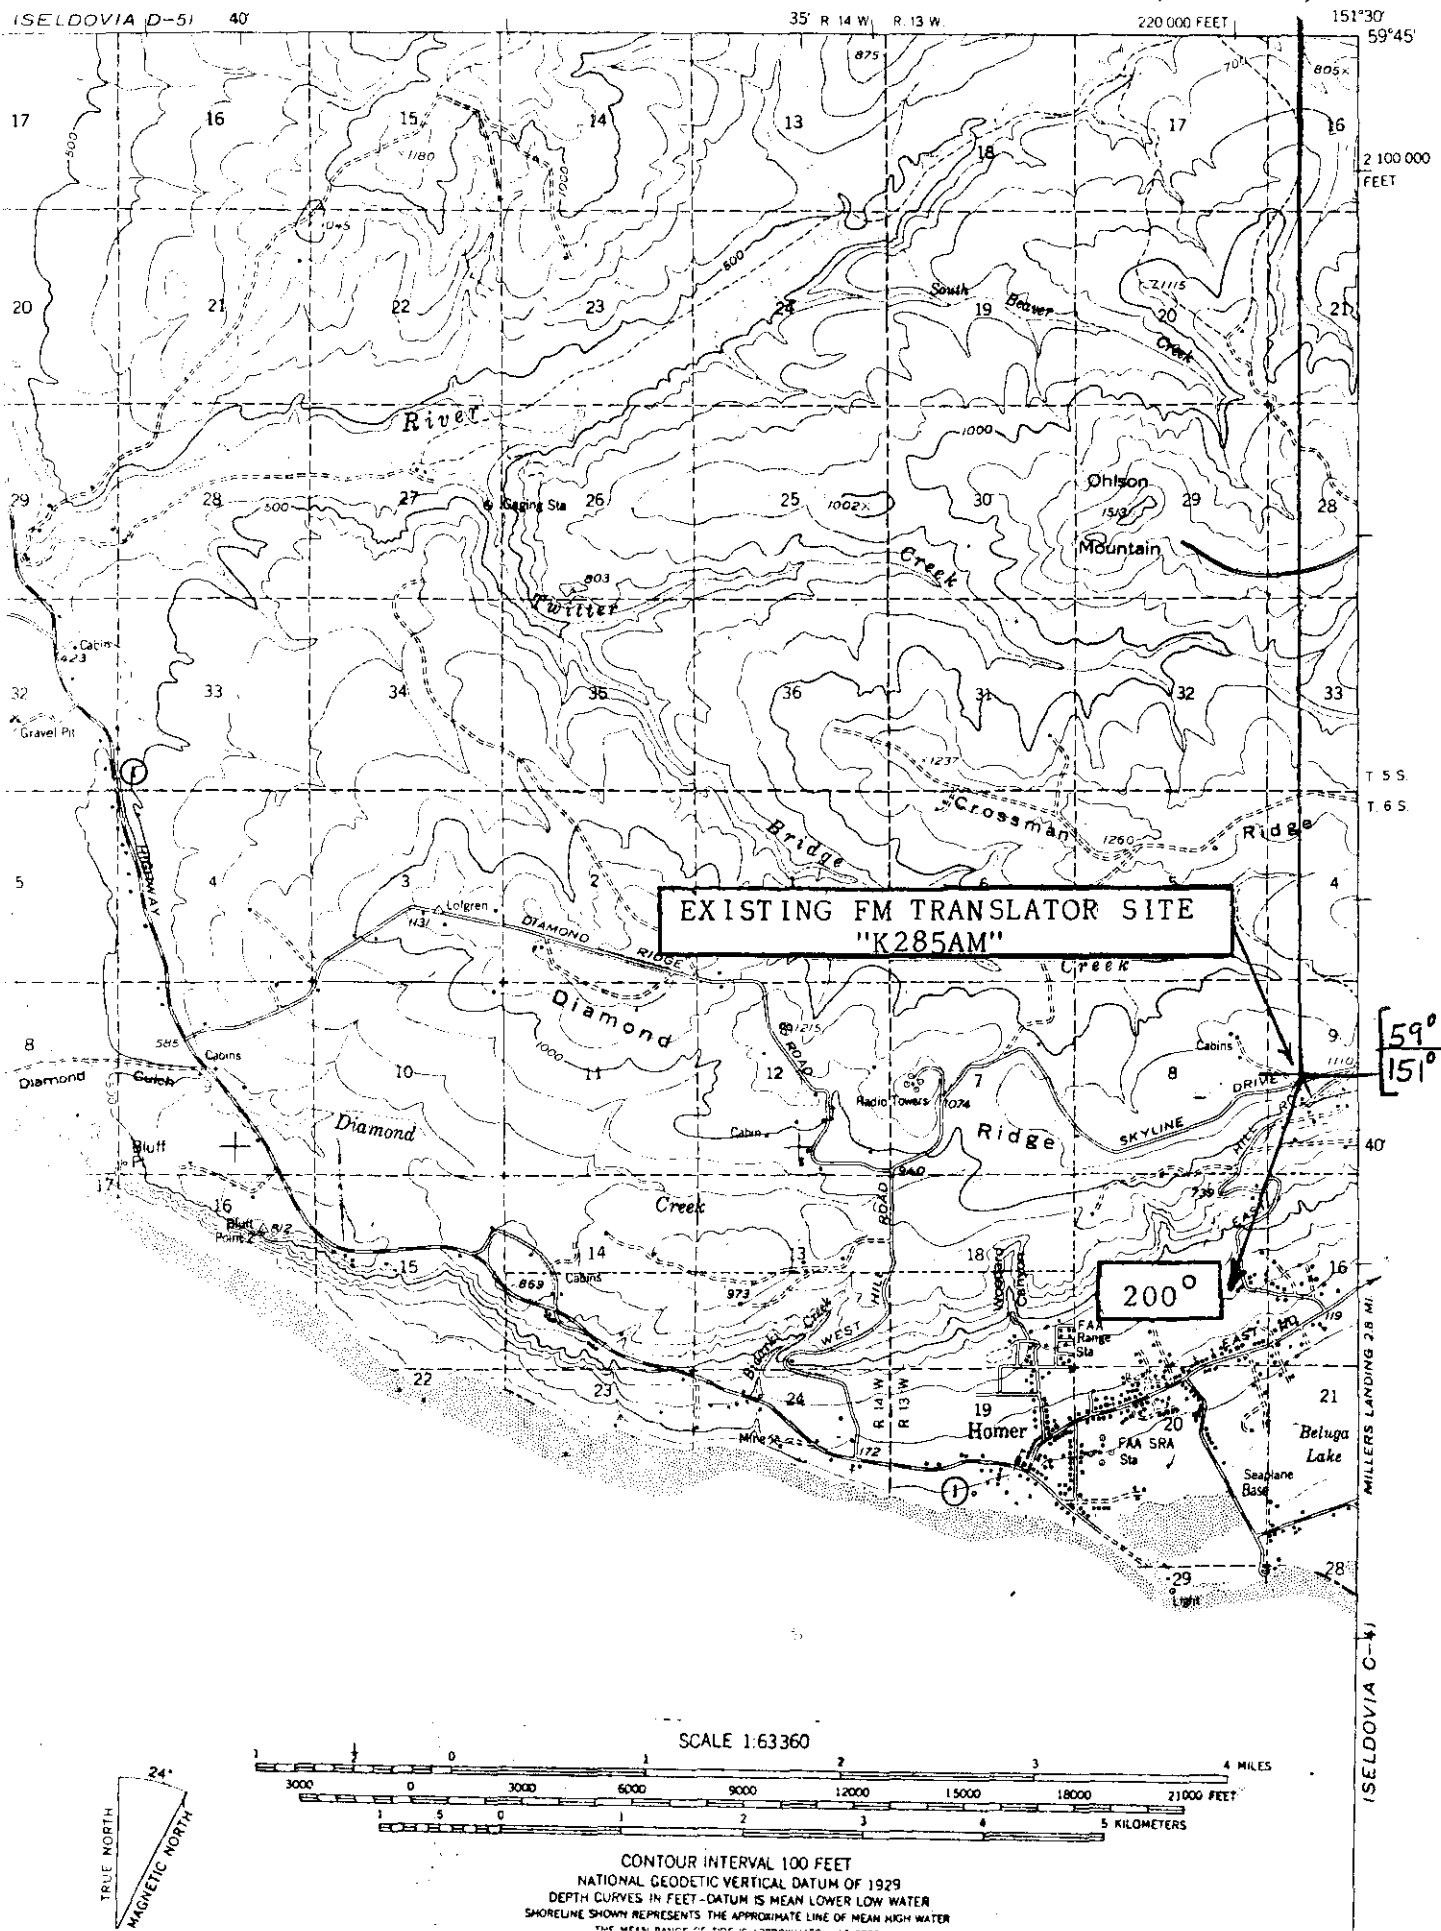

2/25/86  
Sec.1, para. 8

EXHIBIT A-5  
REQUEST FOR WAIVER OF SECTION 74.1232(d)

Applicant is licensee of primary station KPEN(FM), Soldotna, Alaska. Applicant is also licensee of KGTL-FM, Homer, Alaska. Applicant (Peninsula Communications, Inc.) hereby requests a waiver of FCC rules, Section 74.1232(d) to permit operation of KPEN(FM)'s translator beyond KPEN's predicted 1 mV/m contour and within KGTL-FM's predicted 1 mV/m contour. Attached to this exhibit are copies of predicted 1 mV/m contours for both KPEN(FM) and KGTL-FM. Obviously, applicant has no objection to operation within KGTL-FM's predicted 1 mV/m contour, since applicant is licensee of both KPEN(FM) and KGTL-FM.

All funds, legal and engineering services will be provided by applicant as the licensee of the primary station, KPEN(FM).

Applicant believes that a grant of this waiver is in the public interest and consistent with other waivers granted to Alaska stations of Section 1232(d). Alaska lacks a diversified number of programming services due to the lack of FM broadcast stations serving this area. A grant of this waiver request will bring additional service to the residents of the Kenai Peninsula, which is not now available. KGTL-FM programs an "Adult Contemporary" music and news format, while KPEN(FM) programs an "Easy Listening" music and news format. Both stations are programmed to serve essentially different audience age demographics. KGTL-FM serves primarily the 18-34 age group while KPEN(FM) serves primarily the 35-plus age group.
